BRYAN IS GIVEN A ROYAL WELCOME

Whole City Turned Out in His Honor.

RECEPPTION HELD AT PEIDMONT

Day Was Closed by Dollar Dinner at the Hotel, at which Four Hundred Democrats Joined in in Honoring Nebraska's Great Son.

Atlanta, Sept. 21.—William Jennings Bryan, of Nebraska, was Atlanta's guest Thursday.

Long before the greater majority of Atlantans were astir Mr. Bryan had arrived, coming over the Georgia railroad from Augusta, where he spoke Wednesday night. His train reached Atlanta at 5 o'clock, and at 7 o'clock a delegation called on him and escorted the city's guest and his party to the Piedmont Hotel, where spacious apartments had been reserved.

Though while in Atlanta Mr. Bryan was the guest not only of the democrats of this city but of the members of the party the state over, he came on the special invitation of the Young Men's Democratic league of Fulton county, of which Lamar Hill, a rising young attorney, has just been elected president.

As the special hosts of the day the officers of the Young Men's Democratic league met Mr. Bryan with carriages to escore him and his party to his hotel. President Hill was accompanied by Hudson Moore, chairman of the executive committee of the league, Burton Smith, chairman of the standing reception committee, and the following special reception committee: Reuben R. Arnold, F. L. Seely, J. S. Cohen, Lauren Foreman, Louis Gholstin, J. E. Maddox, J. J. Hastings, Charles Daniel, Hugh L. Cardoza, and Ernest E Dallas.

Mr. Bryan was left to himself after reaching his hotel and breakfasted with him family and rested in his rooms until 10 o'clock when he held a reception at which he met the officers and committeemen of the league.

At 11 o'clock Mr. Bryan descended to the public parlors of the Piedmont where he held a public reception to which the people of the city, ladies and gentlemen, were invited. The officials of the league acted as hosts on this occasion and presented those calling on Mr. Bryan and looked after their comfort.

At the close of the reception Mr. Bryan lunched with the officials of the league and then retired to his rooms, where he was allowed to rest in quiet until 3:30 o'clock, when he left the hotel for Ponce de Leon.

Mr. Bryan's address took place in the large skating rink auditorium which had been fitted with chairs and elegantly decorated for the occasion. The exercises began promptly at 4:15 o'clock.

President Lamar Hill, of the league, presided, and presented Hon. Reuben R. Arnold, who, in a short speech, introduced Mr. Bryan. Mr. Bryan's address was along the lines which he has followed in his other speeches since his return to this country.

The day was closed by a dollar dinner," at which 400 guests were seated. Hon. Burton Smith acted as toastmaster, and toasts were responded to by the following prominent citizens of Georgia:

Governor Joseph M Terrell.

Hon. J. Pope Brown, of Hawkinsville.

Hon. E. A. Roddenberry, of Thomasville.

Hon. Seaborn Wright, of Rome.

Hon. Jno. Temple Graves, of Atlanta, Ga.

Hon. Henry M. McIntosh, of Albany.

Hon. W. A. Covington, of Mouhtrie.

Hon. Pleasant A. Stovall, of Savannah.

Hon. E. K. Overstreet, of Sylvania.

Hon. Hooper Alexander, of Dorastur.

The closing and particular brilliant feature of the dinner was the response of Mr. Bryan.

All the speakers talked barcoughly and the subjects on which they spoke dealed almost entirely with [illegible] Democratic Party.

NEGRO CHARGED WITH ASSAULT

Misses Lawrence Swore Out Warrant Against Branham Wednesday.

Atlanta, Ga., Sept. 21.—Miss Ethel Lawrence and her niece, Miss Mabel Lawrence, upon whom a negro made a brutal atack in an attempt to criminally assault them in the woods near their home at Copenhill some weeks ago, appeared before Justice Bloodworth and swore out a warrant against Robert Branham, the negro who was captured several days ago and has since been held in the Tower as a suspect, charging him with the technical offense of assault with intent to commit murder. Justice Bloodworth issued a commitment which was delivered to Jailer Chastain, and the negro will be held until a preliminary trial is held or until the grand jury acts upon his case when that body meets on Sept. 27. As yet no date has been fixed for the preliminary trial.

The Misses Lawrence are confident that Branham is their assailant, and C. W. Hunter, who was at the head of the posse which captured the negro has secured evidence which he believes will result in the conviction of the negro.

Branham, it has been learned, left his home at Grayson, Ga., some two months ago, and at that time wore clothing which corresponded with the description given by the Misses Lawrence of the negro who assailed them.

It is also stated by Mr. Hunter that every statement Branham has made since his arrest has been carefully investigated and found untrue, and that while working near Luxomni, where he was captured by Mr. Hunter, he acted in a suspicious manner, using every precaution to keep away from white people.

JUDGE DISQUE'S CHARGE TO JURY

Determined to Keep on After the Lynchers.

Montgomery, Ala., Sept. 21.—Great interest is felt here over the evident determination of Judge J. H. Disque, of the Gadsden city court, to convict lynchers of Bunk Richardson, a negro hung there last February. It is pretty well known that the grand jury has the names of many of the mob in a report made the governor by a detective shortly after the lynching.

In his charge to the jury Judge Disque used the following language:

"It was just as much a murder as if you had shot a man down in the street, without provocation, and this community cannot afford to wink at it. It makes no difference if the lynching of that man was popular, it was murder, and the crime strikes vitally at our society and our institutions."

The judge further said that he would continue to make the charge, regularly to each subsequent grand jury until the perpetrators of crime were brought to justice. He characterized the work of the mob as being responsible for much of the apparent disregard of human life in Etowah county.

Cherry Tree Swindler is Dead.

Charlotte, N. C., Sept. 21—News has reached here of the death at his far-away home in the western North Carolina mountains of the famous Amos Owens, of the Amos Owens Cherry Tree company fame. This notorious case was tried here in 1895. It was figured that in the endless chain system selling cherry trees the company assumed obligations at the rate of $20,000 in two weeks. It was fraudulent use of the mail that brought the death blow. Owens, who lived on Cherry mountain, was used as a witness only. He was an old-time blockader, and served some years at Albany. It is said that just before he was released he wrote his wife to have plenty of corn mashed ready for resuming business upon his return. Owens was about 70 years old.

Charged with Murder.

Lancaster, Ky., Sept. 21.—Sam and James Simpson, brothers, and Curt East are under arrest here charged with the murder of James Casey and Nathan Taylor. The charred bodies of Casey and Taylor were found in the ruins of Casey's home, which burned last Sunday night. East and the Simpsons will be held to await the result of the coroner's inquest, which will be held Saturday.

5,000 LIVES LOST IN HONG KONG STORM

Frightful Losses are Increasing Hourly.

VICTORIAN BISHOP AMONG DEAD

Shipping Interests and Business Interests of Hong Kong Have Been Practically Annihilated by Hurricane. $20,000,000 Property Loss.

Hong Kong, Sept. 21.—The full extent of the catastophe is not yet definitely known, but conservative estimates place the number of Chinese who lost their lives at 5000 and the total of the material damage to the colony at $20,000,000.

Reports of disasters at sea are constantly being received here. The steamer Albatross with 150 passengers on board foundered near Futuamen pass. Only six passengers and two of the crew were saved. They swam ashore.

The steamer Hong Kong was also lost, and her entire crew is missing. The steamer Ying Fat from Samchun foundered, and 730 passengers and ten of her crew are missing. Only two of the crew are known to have been rescued.

Mrs. Hoare and her search party have returned. They found no trace of her husband, Joseph Charles Hoare, Angelican bishop of Victoria, whose yacht was lost during the typhoon.

Captain Thomas, commander of the river steamer Fatshan, whose Chinese crew clambered on board the French mail steamer Polinesian when the Fatshan collided with her, saved his vessel and 150 Chinese passengers by his splendid seamanship. Fortunately, the engine room staff stuck heroically to their posts. Captain Thomas was left almost single handed on deck. He took the wheel and navigated the Fatshan for one hour and forty minutes tarough a tempestuous sea and finally beached the vessel safely. It is believed that she can be refloated.

The staff of the Jardine Matheson sugar refinery rescued 200 Chinamen from sinking campans.

The losses of the Kowloon Godown company are estimated at $750,000. Forty thousand bales of yarn which were in storage at Kowloon probably are irretrievably damaged. The beach is littered with valuable silks, and many looters have been arrested here and at Kowloon. There are supplies of rice to relieve distress.

There were 700 Chinese passengers on board the steamer Keung Shan, from Macao, which stranded off Lantao island.

Reunion of Wilder's Brigade.

Chattanooga, Tenn., Sept. 21.—A notable feature of the reunion of Wilder's brigade of the Army of the Cumberland was their entertainment on Thursday by confederate veterans. Camp Joe McConnell U. C. V., of Ringgold, Ga., were the hosts, serving a basket dinner at the foot of the Georgia monument on the Chickamauga battlefield. N. B. Forrest camp of this city, was also largely represented. Sueeches were made by General Wilder, Congressman Maddox and Lee, of Georgia, and by ex-confederates. Survivors of the "Iron Bridgade," made up of Illinois, Indiana, Ohio and Michigan troops, had a meeting on Snodgrass hill, where they fought in 1863.

Many Buried Under Wreck.

London, Sept. 21.—The crowded Scotch express train on the Great Northern railway leaving London Wednesday night was wrecked outside of Grantham, having orders to stop, but failed to do. A very short while after passing the station the train left the rails and jumped a bridge. The engine and several coaches dashed over the embankment, the engine turning turtle. Several coaches immediately took fire. There are many passengers beneath the debris. Of ten extricated, five have died. The number of lives lost is not known, but is believed to be large. Many were injured.

TO ASK FOR RESPITE.

Cooper Working for Lease of Life for Rawlings Boys.

Macon, Ga., Sept. 21—John R. Cooper has been busy arranging an appeal to Governor Terrell for a respite for Milton and Jesse Rawlings for at least 30 days, or until the appeal to the United States supreme court in the case of their father, J. G. Rawlings is decided. The matter has been laid before the governor in the hope of securing a stay of execution which has been arranged for Oct. 2 for the boys. The Macon attorney, who has been the star figure in the preservation of the lives of the three Lowndes county men, believes that the two sons will be needed in the father's case should the higher court determine to give the latter another fighting chance.

The application to Governor Terrell for a respite will ask for 60 days, and if this is not granted the request will be made for 30 days. Since the father's execution has been stayed on account of the appeal to the supreme court, it is highly probable that another lease on life will be given the boys. The matter will be placed in the hands of Governor Terrell for action.

Willis Still in the Tower.

Atlanta, Sept. 21. Grady Willis, the young white boy who was arrested upon the charge of having embezzled money belonging to the Kmal and Awtrey shoe company, by which he was employed as cashier, is still in the tower, having been unable to give the bond of $500 required of him by Justice Bloodworth. It is stated that Willis has confessed to his employers that he is short to the amount of about $700 all of which was squandered by him with his companions, to some of whom, he alleges he gave sums of money which they knew he came by dishonestly. The young man is hopeful of making the bond within a day or two, and is confident that his relatives will make good the shortage.

Farmer Killed on Public Road.

Cochran, Ga., Sept. 21—Wallie Walter Thompson, a farmer, near here, was driving along the public road on his way home, he was shot down by some unknown person. He was shot twice with a shotgun, and his right shoulder was fearfully torn. He fell in his wagon. A negro was first to reach the wounded man, and he summoned help. Before lapsing into unconsciousness, Thompson accused one of the neighbors by the name of Jim Arnold, of doing the shooting. Arnold was held until the coroner investigates. He stands well in his community, and people are slow to believe he did the shooting, although Thompson's dying statement accused him of committing the deed.

23 Days For Washington Special

Washington, Sept. 21—The Greater Washington special, a miniature representation of the wheels of local industry, started from this city on a 1,500 miles journey through Virginia, North Carolina and parts of West Virginia and Maryland. The trip will last twenty-three days, and is made for the purpose of furthering a movement which has long been under way for a greater Washington.

Will Float Foreign Loan.

Victoria, B. C., Sept. 21—M. Takahi, financial agent of the Japanese government, arrived here by the steamer Taga, enroute to New York and London to float the remainder of the $250,000,000 foreign loan, half of which has been issued at 6 per cent. As the non-redemption period expires on March 31, the government is anxious to convert it into a 4 per cent obligation. To do this Mr. Takashi will seek to borrow $[illegible]

Will Analyze Waters of Potomac.

Washington, Sept. 21.—With the view of quantifying the adaptability to industrial purposes of the waters of the Potomac river at Cumberland, Md., and several streams in West states the hydrographic branch of the geological survey has arranged to have samples of the waters of the streams forwarded to Washington daily for analysis to ascertain the amount of mineral carried by the waters.

AWAITING RESULTS OF PEACE CONFERENCE

Insurgent Leader Has 5,000 Men Near Havana.

REBELS NOT READY FOR PEACE

Insurgeats Have Great Confidence In Secretary Taft, But They Declare He Will Not Be Able to Make Peace If Palma Remains in Office.

Havana, Sept. 21. The rebel leader Pino Guerra has left Arcetima for Granajay, 21 miles southwest of Havana. He is reported to have 5,000 men with him. He will camp at Granajay awaiting the result of peace negotiations.

New York, Sept. 21. That the Cuban insurgents are not ready to accept peace on any terms was proved by the arrival here from Havana on the steamer Mexico of three prominent members of the liberal party who came as emissaries of the insurrectos. These men are Vincente Roche, one of the wealthiest men in Matanzas, Julian Ayala secretary general of the liberal party and Octavio Suarez, a member of the house of representatives. The trio will cooperate with the local insurgent junta.

"We have great confidence in Secretary Taft, said Senor Roche, "but he will not be able to make peace if Palma remains in office. The insurrection is strong enough to defeat the government army and take Havana."

New Orleans, Sept. 21—A dispatch to the Picayune from Cuba gives an interview with the insurgent leader in Havana province, General Enrique del Castillo, in which he says he would like to see a commission of Americans appointed to negotiate peace.

"I believe there is no reason to expect American intervention immediately," General Castillo said, "but it will come. I would like to see the United States negotiate peace. We have great confidence in President Roosevelt. We believe that if he intervenes he will cause his representatives to remain in Cuba just long enough to make peace and then withdraw them."

The correspondent, who arrived at General Castillo's camp at night and found 500 men there, gives the following description:

"In the strict sense of the word, there is no camp here. One searches the landscape in vain for signs of tents or camp fires. Instead, the soldiers slept on the ground wherever they wished, without cover from the dew. The cavalrymen did not even use their saddles for pillows. We were impressed with the mature character of the troops with Castillo. They averaged considerably older than the government troops in Guines, and most of them were veterans of the late Spanish war."

$500,000 Insurance Suit.

San Francisco, Sept. 21.—The Examiner says that the Sharon estate, Parrot estate and California Wine association have decided to combine in a $500,000 suit against the British insurance companies, which, by reason of an earthquake clause in their policies are refusing to settle their San Francisco losses in full. The companies referred to include the Commercial Union, Alliance, Palatine and Norwich Union. Added to these are the Indemnity and Williamsburg City, of this country, whose policies contain the same provision purporting to exempt them from liability for loss caused by earthquake.

Installing Electric System.

San Francisco, Sept. 21. The Southern Pacific Thursday began the work of installing an electric system on its line over the Sierra Nevada mountains for the purpose of helping the heavy freight trains up the steep mountain grades by means of electric motors. This undertaking has been contemplated for some years and President Harriman recently determined to install and put it into operation.

JUDGE CARTER ON DRAINAGE QUESTION

Has Just Completed Tour of Lake Okeechobee and Everglades.

THE PLAN IS PRACTICABLE

Judge Carter Predicts That the Shores of Lake Okeechobee Will in the Course of Time Be Lined With Palatial Hotels and Residences.

Judge Syd L. Carter has returned from a trip up the Caloosahatchee river into Lake Okeechobee and the Everglades, where he went with Governor Broward and a number of the members of the Legislature and Florida editors.

In speaking of his trip, Judge Carter says he will frankly admit that the trip shattered many of his preconceived opinions of that section of the State. A more generous, hospitable and intelligent citizenship than the Fort Myers people cannot be found on the globe.

"The river is exceedingly beautiful," said Judge Carter. "It is lined with thrifty farms and magnificent orange groves, and Lake Okeechobee is a splendid body of water, said to be the largest south of Lake Michigan; and it is only a question of time when its shores will be lined with stately hotels and beautiful residences, for he who contends that the waters of the lake cannot be lowered and the adjacent country drained and brought into a high state of cultivation, does so through dense ignorance of the real facts, or else from interested motives; and if he will go and view the land for himself, he will admit that Governor Broward's plans are entirely practicable, however much he may differ with the Governor about other things."

Governor Broward expects to spend Sunday as the guest of Judge Carter and family in this city. He will probably remain until the opening of the University of Florida on the 26th inst., at which time he is scheduled to make an address.

THE NEWS FROM MELROSE.

Grandin Defeated in Base Ball—A Marriage—Other Notes of Interest.

Melrose, Sept. 20—Mr. and Mrs. Uglow and two daughters of Starke visited Mrs. O. C. Grimes a few days recently.

Hartridge Lee is at home for a few days. He goes soon to Atlanta to study dentistry.

Mrs. M. E. Mullin returned yesterday from Palatka, where she has been visiting friends.

Mrs. O. C. Husband, Lola and Watson Lawler spent Saturday in Palatka.

Hugh Barnett of Hallendale, Fla., is visiting his mother, Mrs. M. J. Barnett. He is just returning from a trip North.

Mrs. S. W. Lawler was called away suddenly by the illness of her daughter, Mrs. Futch, at Webster.

M. Henderson and Mr. Baird of Gainesville spent Sunday with Miss Flossie Corpew.

Mrs. Paschall of Waldo is visiting her parents, Mr. and Mrs. W. N. Lee.

The boys here have recently organized a baseball team and played with Grandin last Friday. The score was 16 to 8 in favor of Melrose.

On Saturday night the young people went to the town hall for a social time. The girls treated the boys to ice cream in honor of their winning the ball game the day before.

Bride Is Jubilant Over Arrest.

Meridian, Miss., Sept. 21.—G. F. Mitchell, a white carpenter, alleged to have deserted his bridge of two weeks and after robbing her of nearly $400, is reported as having been captured at Memphis, Tenn. He attempted to join the carpenter's union in Memphis and was promply arrested. Mrs. Mitchell, a pretty woman, is jubilant over the apprehension of her huband.

Recommends "Elimination Bill."

Washington, Sept. 21.—General Leoqard Wood in a report to the war department, recommends the enactment by congress of the 'elimination bill," which proposes to place on the retired list army officers who do not meet the requirements in certain examinations. He also urges a provision "for a limited amount of promotions by selections."

TONICS.

Two Edged Swords Capable of Mischief as Well as Benefit.

There is perhaps no class of remedial agents more abused than tonics. The abuse consists both in the excessive use and the misapplication of this class of agents, which within a restricted field possess an indisputable and important therapeutic value. The misuse of tonics is doubtless the outgrowth of a misconception of the real nature of this class of remedial agents and its limitations. Many physicians also seem to lose sight of the fact that tonics are, as has been said of drugs in general, two edged swords which are as capable of mischief as of benefit. Indeed, when the true nature of tonics—as is true, in fact, of most medicinal agents—is thoroughly understood, it is apparent that even in cases in which they accomplish the maximum of benefit there is also a certain amount of injury inflicted upon the organism, so that the effect obtained is really and simply the difference between the mischief done and the good accomplished. If the difference is on one side, the total result is benefit; if on the other side, the result is harm. This principle holds good with regard to most remedies, whether the means employed is a drug or a nonmedicinal agent.

The popular idea of a tonic is well expressed in the following definition, which we find in the National Medical Dictionary: "An agent which augments gradually and permanently the strength and vital activity of the body or its parts." A stimulant is defined by the same authority as being "an agent which increases the functional activity of any organ or series of organs." The distinction made seems to be that a stimulant produces temporary excitement, whereas a tonic produces a permanent increase of strength and vital activity.—Good Health.

Well Worth Trying.

W. H. Brown, the popular pension attorney of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for headache, constipation and billiousness. 25c. guaranteed at all drug stores.

He Was at Church.

Saunders, the village slater, was a very poor attender at the church. One day the minister met him and said:

"Come, now, Saunders, why is it you are never at church nowadays?"

"Never at the kirk?" replied Saunders. "Ye're quite wrang there, sir; I spent the hale o' last week on the tap o't."—Glasgow Times.

ZULU WAR TACTICS.

Method of Attack With the Crescent Formation.

Zulu military tactics are associated with the name of Tyaka, the ruthless Zulu conqueror, who welded into the stock of the Amazulu, the people of the heavens, all the young men of the various tribes he conquered, incorporating them into regiments and thus building up a powerful military nation. Yet it was to Dingisiwayo, the wanderer, that the inception was due. This man, the son of the chief of the Umtetwa, was driven into exile in consequence of an abortive plot to seize the reins of power.

During that exile he lived in Cape Colony and saw the military methods of the British. With instinctive genius he saw how the idea could be adapted to his own nation, and on his return and accession to the chiefainship he divided his people into regiments, distinguishing them by names and by a special color of shield for each regiment, though for a time they retained the umkomto, or throwing assagai, as their chief weapon. He heard the great use made by the British infantry of their favorite weapon, the bayonet, and so he replaced the umkomto by the ixwa, or broad bladed stabbing assagai.

The peculiarity of the Zulu tactics has earned it the name of the crescent formation for attack, and it is noteworthy that, broadly speaking, it was the method employed by the Boers in their invasion of Natal and adopted by Lord Roberts in his advance through Orange River Colony, and it was the fear of its success which kept the Boers continually on the run. The best thing with which to compare it is the head of the stag headed beetle. Horns are thrown out widely on either flank, while the main body forms the head itself. From the main body a small force is detached to engage the enemy while the horns creep around the flanks.

This force in the days of Tyaka was frequently dispatched with the command, "Go, sons of Zulu, go and return no more," and death at the hands of their fellows was the fate of those who returned. While this force was holding the enemy the horns carried out their task if possible, and as soon as the two horns had met in the rear of the enemy the head or chest was launched upon the position, and the upshot was that the whole force of the foe tasted the assagai, for in war no quarter was given or asked.—South African Sun.

For Her Welfare.

Mrs. Goodheart had made up her mind that most of the so called charity of the present day was not, strictly speaking, charity at all. Whoever gave, she had concluded, did so for the pleasant sensation of seeing his or her name figure on subscription lists, and she did not agree with this ostentation.

"Here, my good man," she said one day last week to a man who had begged alms of her, "here is a threepenny piece, and please to understand that I do not give this because I hope to be rewarded for my charity some day, but because it gives me pleasure to do so."

The burly beggar looked dubiously at the tiny silver coin.

"Look 'ere, mum," he said. "In this 'ere wicked world we don't orften get the chance to enjoy ourselves. Why not make it a shillin' an' 'ave a real good time?"—London Tit-Bits.

Misappropriation of Public Funds.

Manila, Sept. 19—3 p. m.—Captain Ira L. Fredendall, of the quartermasters department, was charged in court of first instance in this city Wednesday afternoon of misappropriating public funds. The filing of these charges is the culmination of extensive investigations by the insular authorities into an alleged series of frauds perpetrated by members of the quartermasters department in the Philippines. The inquiry resulted in the discovery of padded pay rolls in the quartermasters shops and grafting in the lease of lighters. Both officers and civilians are implicated, and courtmartials will follow the court proceedings.

Losing Hair

That is too bad! Been coming out for a long time, has it? So much the worse! But it is not so bad as it might be, for you can stop this falling, and you can stop it quickly, too! There is one remedy, just one—Ayer's Hair Vigor. It stops falling hair, cures dandruff, and keeps the scalp clean and healthy. We speak from long experience.

CALLISON THE MAN SAYS PRES. BROWN

County Commissioners Acted Very Wisely in Making Selection.

ONE OF THE VERY BEST

Full of Ambition and Determination Which, Coupled With His General Systematic Ideas, is Bound to Win Out For Alachua at the Great Fair.

A letter to Jesse E. Burtz of this city, vice-president from Alachua county of the Florida State Fair Association, from President Thos. J. Laud Brown, expresses great pleasure at the appointment of N. A. Callison as general commissioner from the county, under the direction of whom the exhibit for the State Fair is to be selected and displayed.

"I have known Mr. Callison for some time," concluded Mr. Brown, "and I know him to be a hustler in all the word implies. He is not only a hustler, but a man of ambition and determination, and your honorable board of county commissioners could not have made a wiser selection if they had looked the whole State over. You will never be disappointed in Mr. Callison, and I desire through you to impress upon your sub-commissioners and your people to assist him in every way possible, and I can guarantee you an exhibit in advance of which Alachua county, the State Fair Association and the people of the entire State will not be ashamed."

Mr. Brown feels a great deal of interest in Alachua county, realizing the great advantages offered here, and it is his desire to see as fine an exhibit as possible from old Alachua at the Fair.

Mr. Brown left Tampa Thursday night for Chicago, where he was called on important business relative to the Fair. He will return within a week or ten days, however, when it is his intention to call a meeting of the commissioners of the State at Tampa. Due notice will be given of this meeting.

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients *in plain English*, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's pecular diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such *professional* endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's *free* for the asking.

COLFAX REBEKAH LODGE.

Fifty-Fifth Anniversary Was Celebrated With a Fine Attendance.

The members of Colfax Rebekah Lodge, I. O. O. F., assembled at Masonic Hall Friday night to commemorate the fifty-fifth anniversary of that order. There was present a large number of Odd Fellows and Rebekahs, and the occasion was passed in a most enjoyable and beneficial manner. Refreshments were served, and there were several interesting talks on the good of the order. It was a late hour when the meeting adjourned, but it was voted as being one of the most enjoyable sessions Colfax Rebekah has ever had.

A Card From "Citizen."

Editor Sun: Gainesville is on a boom and there is a great many houses being built, but there is not enough small houses that could rent for $5 per month. A prominent turpentine man, I understand, has bought a piece of property near the S. A. L. depot, and expects to build four houses on it—neat cottages that he can rent for $5 per month. These cottages are to cost $600, and at $5 per month will net him ten per cent on the investment. Is this not better than loaning money at five per cent, about all you can get for it?

It is impossible for a laboring man to pay $10 per month and make a decent living at present wages. Gainesville needs laboring men to build it up, and there should be cheap cottages enough built to accommodate them, and encourage them to stay here.

A good neat cottage could be built for $600, and a great many of them would find steady occupants at that price.

Can't some of our monied men take up this idea and build a lot of good cheap houses to rent? CIVITAS.

A NOBLE STOCK.

Pride, Dignity and Beauty of the Modern Spaniards.

You may see today in any church portal in Spain the somber dignity of expression immortalized in the portraits of Velasquez, the sinister cast of countenance of Philip II., the arrogance and proud bearing of a Roman centurion. In the Basque provinces the dignity and pride of the peasantry are reflected in the graceful carriage and symmetry of movement for which the men of that coast and the girls carrying pitchers on their heads are justly celebrated. There is no trace of awkwardness in a Spanish peasant on whose features is stamped the pride of Rome, who will talk to you with the ease and volubility of a Spanish courtier. It is a noble stock.

Though today the glory of Spain has departed and the modern Spaniard favors a western "bowler" and the women wear Parisian hats, the national type of Spain persists with all its dignity and characteristics. Living types of Murillo's street urchins may be seen in any Spanish village—a group huddled together in some shady retreat, brown, chubby, curly headed, merry little rascals, lunching off a watermelon picked up in the market, happy as princes in their heirloom rags and with their meager morsel, or you may see the sunny side of Spain as Goya painted it—a dance in the open square, a bridal feast, a bullfighters' carousal, a brawl, an elopement. The apparel is less gaudy today, but the sun and the types and the spirit are the same.

That brawny picador with his wide brimmed sombrero, his swarthy countenance, aquiline nose and raven locks looks for all the world like a Roman gladiator. The lad at his side, with his finely chiseled features, might have waited on Poppaea. And that young girl in her white lace mantilla and the red roses in her warm black hair—such a one Goya would have delighted to portray as she stands there with her delicate head defiantly thrown back, her lustrous eyes aglow with mischief, the graceful line of figure and those pursed and pouting lips. Nineteenth Century.

An infallible formula of success has never been found, or there would be no such thing as a failure in the world.

It is reported that John D. Rockefeller is going to endow a home for chorus girls. Say what you will about the good deacon, there seems to be method in his baldness.

"The peek-a-boo waist is pink poetry dreaming through diaphanous mist," writes Marse Henry Watterson in his esteemed paper. Won't somebody please shy a brick at the old sinner?

The Czar has, by ukase, ordered the sale of 4,500,000 acres crown appanage lands to the peasants on 23 or 60 years' time, and the announcement will be made in a short time of a similar sale of 10,000,000 additional acres.

An Eastern firm has received an order from San Francisco for six carloads of pianos. But this does not necessarily indicate a return to normal conditions. It may be merely that the saloons are starting up again.

The old system of fining derelict postoffice employes has been discontinued and in its place will be a uniform system of efficiency records—in other words, rewards and merits. The increase in salary will be based upon efficiency. A negligent employe will suffer a reduction for his negligence. The system of rewards and merits will accomplish for the postal service what it has in business service—better work and greater regard for the patrons of the postoffice.

Cotton seed oil when purified and refined serves admirably as an olive oil substitute and our consul at Marseilles reports that all olive oil is adulterated with cotton seed oil and is better for it. It is dishonest and immoral to sell cotton seed oil as pure olive oil, but if it were possible to remove the prejudice against it as a food we would see our cotton seed crop worth more than $200,000,000 annually, and a nutritive article added to the diet of rich and poor.

ALACHUA AT THE FAIR.

From the manner in which the various counties of the State are following the action of the County Commissioners of Alachua county in securing exhibits for the coming State Fair at Tampa, it would seem even to the casual observer that the heads of the members of our board were level. The Board of County Commissioners of Alachua county were this year the first to adopt the plan of appointing sub-commissioners in each district, and this must have been a drawing suggestion, since many others have done likewise, including the county commissioners of Duval.

In the selection of a general commissioner, our Board of County Commissioners could have done no better than the appointment of N. A. Callison, manager of Spring Park stock farm. Mr. Callison has been here for several years, has been identified with Alachua county and its advantages and resources in mining, agriculture, horticulture and stock raising, and no man in the county, or in the State for that matter, would be better qualified or more competent to fill this important position.

Mr. Callison had at the last Fair, and will have next November, a magnificent display of cattle and live stock from the Spring Park Farm. Last year he succeeded in carrying off prizes and diplomas more than a score, and expects at the coming show to win even more honors, as his company will be better prepared. For the reason that he would have about all the burden he could bear with the exhibit of his enterprise, he at first decided that he could not accept the position of general commissioner from the county, by which he was honored by the board; but, after consultation with members of the board and others, and with a heart full of loyalty for his county and his people, he finally accepted, and is going to the Fair with a determination of winning, if the people will stand by him in his efforts. He is made of the right kind of stuff for the making of success, and his determination will accomplish a great deal.

Alachua county is written down in the commercial and agricultural statistics as being one of the wealthiest counties in Florida. We have the minerals, we have the agriculture, we have the fruits, we have the pastures and fine stock, we have the manufactories—in fact, we have everything as good as can be produced anywhere in the United States, and better than in many sections, and let us not neglect to put our shoulders to the wheel and bend every energy to get together one of the finest exhibits ever seen at the next great State Fair, which will be one of the largest and most magnificent the South has ever seen.

The Board of County Commissioners have done their part by making the appropriation and taking hold of the matter; General Commissioner Callison is determined to do his duty, now it behooves the sub-commissioners of the various districts and the citizens to join in their efforts to make a glorious success.

The great foe to home, peace and happiness, is worry. The habit of worry keeps us crossing bridges before we reach them. The evils that fret us most are those which threaten us but have not yet arrived. Stop worrying about the bread that you are afraid will not rise, the new dress you are sure the dressmaker will spoil, and the next month's rent. If you will firmly resolve to worry only about the evil or special hardship this hour or minute and can't be avoided, ninety-nine cases out of one hundred you will find there is no such evil or hardship.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

President Roosevelt has gone in heavy for the Carnegie spelling reform movement. He announced that he will adopt the new method in all his public documents and the government printer will be instructed to print all official White House literature, including his messages to Congress in accordance with the reform spelling plan. This is a sweeping scheme for spellers and proof readers to follow, as the list embraces a total of three hundred words. Many of them, to be sure, are already given two ways of correct spelling in the standard dictionaries and the reform style of these has been generally adopted by teachers and newspapers in this country. In this class comes those like center instead of centre, and luster, miter, fiber, caliber, niter, meter, theater, specter, etc. Then the English way of spelling ardour, behaviour, favour, succour, rigour, labour, tumour, and a lot more is changed to the American way by leaving out the letter "u." There are a lot of other sensible things in the spelling reform scheme of the Carnegie method and it is bound to prove popular. However, many will rebel against "altho" for although, "tho" for though, "throuout" for throughout, etc. Also "kist" for kissed, "mist" for missed, and that class—also "blusht" for blushed, "curst" for cursed, etc., will not strike the average person who is not an enthusiastic spelling reformer so favorably.

The bank examiner is a good deal like a stroke of lightning. The worst has already happened when we hear the report.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEWS TERSELY TOLD.

C. M. Hutchinson, the city marshal of Plano, Tex., was shot while returning to his home by an unknown assassin. It is believed he is fatally hurt. The citizens held a mass meeting and offered $1,000 reward for Hutchinson's assailant.

The normal school at Stanberry, Mo., has been destroyed by fire. Loss $75,000. Two hundred students attended the college but only the president's family lived in it, and they escaped uninjured. A boy was fatally hurt by falling walls.

President Roosevelt has extended the eight-hour day to apply to all public work under the supervision of any department of the government. This order affects more particularly work on river and harbor improvements.

Deputy Marshal Cape, at Rome, Ga., arrested Jake Collins, a fireman on the Southern railway, at Rome, Ga., charging him with passing counterfeit money. It is alleged he raised the figures on a $1 bill to $10.

A special from London, Eng., says that according to a statistical paper there were killed in India in 1904 by snakes and wild beasts, 24,034 persons. Of this numbber 21,000 were killed by snake bites.

Clay Williams, a flagman on the Southern railway in theAtlanta yards fell between two cars, and both legs were badly mangled. He was taken to the Grady hospital, where he died later during the day.

The steamer State of Ohio went aground on Rattlesnake island, near Put-In-Bay early Thursday morning. The passengers were taken off in safety.

A special cable fom London states that the will of John Lawrence Toole, the comedian, disposses of an estate valued at $400,000.

A dispatch from Buenos Ayres says a great fire is raging on the dock there and threatens to involve the shipping.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

Crushed to Death by Door.

Atlanta, Sept. 21.—Charley Wells, 8 years old, disappeared from his home early Wednesday morning, and a diligent search was made for 24 hours for the litle fellow. His body was found early Thursday morning under a big, heavy door of a warehouse at 624 Marietta street, where the child had evidently been playing when the door fell on him. He had been dead many hours when found.

All careful women use

HERBINE

Woman who suffer from severe headaches, and all diseases due to a torpid liver, should not fill their stomach with calomel and other drugs.

HERBINE QUICKLY CURES Biliousness, Constipation, Chills and Fever, Dyspepsia, Malaria and all Liver Complaints.

Mrs. C. D. Pillsy, Marble Falls, Tex. writes: I find Herbine the best liver medicine I ever tried. It has done me a world of good. I recommend it to my friends.

THINK OF IT!

This Pretty Matron Had Headache and Backache—Her Condition Was Serious.

RELIEF IN PE-RU-NA.

MRS. M. BRICKNER.

99 Eleventh street, Milwaukee, Wis.

Peruna Drug M'f'g. Co.,

Dear Sirs:—A short time ago I found my condition very serious. I had headache, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Peruna, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored."

—Mrs. M. Brickner.

The reason for so many failures to cure cases similar to the above is the fact that diseases peculiar to the pelvic organs are not commonly recognized as being caused by catarrh.

PELVIC DISEASE NOT RECOGNIZED AS CATARRH.

Catarrh of one organ is exactly the same as catarrh of any other organ. What will relieve catarrh of the head will also relieve catarrh of the pelvic organs. Peruna relieves these cases simply because it relieves catarrh.

James E. Smith Inaugurated.

Manila, Sept. 21.—James E. Smith has been inaugurated governor general of the Philippines. A large crowd viewed the parade of troops. Governor Smith, in his address, announced that his policy would be the policy of President McKinley, and Secretary Taft, the education and preparation of the people for popular self-government. Discussing politics, he said: "I personally doubt that independence is the panacea for all the ills that people are heir to. Has Cuba found that an independent nationality has given good government, peace and content? Independence, without good government is deceiving." Retiring Governor General Ide will leave Manila Sunday for Japan.

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Contest Sage's Will.

New oYrk, Sept 21—A contest for the millions of Russell Sage, who died last July, will, the Herald states, be begun in the local courts Friday. Senator Brackett of Saratoga, who has been retained, is in the city and will file the papers in the contest. He will act for several of the Sage relatives. Among the grounds upon which the validity of the instrument will be attacked, are mental incompetency, the exercise of undue influence, and the improper drawing of the document itself. References will be made to an original will in which Mr. Sage provided more liberally for all his next of kin.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Trust Company Makes Unique Step.

New York, Sept. 21.—A local trust company has taken a unique step to prevent dishonesty in its affairs. A notice was posted Wednesday notifying every employe that if at any time he or she has suspicion of any irregularities on the part of any officers or clerks, it shall be the duty of such employe to notify the executive committee of the board of directors. The notice also states that the company will make employes accomplices if they see dishonesty and do not tell and they will be dealt with accordingly. The notice is the result of feeling among bank and trust officials engendered by the disclosures in Chicago and Philadelphia banking circles.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

Masked Burglars Rob Town.

Grand Rapids, Mich., Sept. 21.—Eight masked and heavily armed burglars held the people of White Cloud, a village 10 miles north of here, at bay early Thursday while they rifled the Newaygo bank and attempted also to rob the bank of R. Gannon & Son. The eight men rode into the town of White Cloud between 12 an 1 o'clock, surrounded the buildings containing the two banks and posted guards outside while the other members of the gang worked inside.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

Friendly Manifestations Evident.

Washington, Sept. 21.—The department of state has received a telegram from Phillip C. Hanna, American consul general at Monterey, Mexico, in which he states that Consul Victor L. Duhame has reported that friendly manifestations of perfect harmony with this country were never more evident at Saltillo than during the recent independence celebration at that place.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

FARMERS' UNION MAKES PLANS

Thousands of Members Will Attend Fair, Oct. 19.

Atlanta, Sept. 21.—Oct. 17, 18 and 19 will be red letter days with the farmers of Georgia and neighboring states at the Georgia State fair, for on those days the Farmers' Union will hold conventions. This was decided upon at a meeting of the advisory council of the Georgia state branch of the Farmers' Union, held Wednesday.

On the night of Oct. 17, the local organizers of the union will meet, followed the next day by a meeting of the business agents of the Georgia division of the Farmers' union, and on Oct. 19 members of the union from all states will attend, it being confidently expected that from 8,000 to 12,000 members of the union will gather at the fair for this occasion. A special program has been prepared for the day, and some of the most prominent speakers upon agricultural subjects have accepted invitations to be present and deliver addresses. Among the speakers will be James Butler, of Kansas; C. S. Barrett, president of the national Farmers' union; W. A. Morris, of Alabama, chairman of the national executive committee, and O. P. Goodwin, president of the South Carolina state union.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

Referred to Recorder.

New York, Sept. 21.—The motion by counsel for Harry K. Thaw, to make permanent a temporary writ prohibiting the district attorney and the grand jury from examining witnesses in Thaw's case, was referred to Recorder Goff in a decision handed down by Justice McLean in the supreme court. "Further action," says the decision, will be deferred to afford an opportunity for a motion in the same behalf before the recorder."

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

National Bank Closed.

Washington, Sept. 21.—The Bates National bank of Butler, Mo., has been closed by the action of the board of directors for the purpose of going into liquidation. T. W. Butler has been appointed receiver. So far as the comptroller of the currency is advised, no charges of wrong doing have been made.

Will Be Used at Annapolis.

Vallejo, Calif., Sept. 21.—The boiler which exploded on board the gunboat Bennington in Sandiego harbor in June of last year, killing 65 of the ship's crew, is to be shipped to Annapolis, where it will be used at the naval academy for illustrative purposes in the instruction of the midshipmen for engineering work. All four boilers of the ship have been removed. The interior of the exploded boiler has been left in exactly the same condition in which it was found immediately after the explosion.

Boiler Makers Honor Georgia.

Pittsburg, Pa., Sept. 21.—The eighth annual convention of the American Boiler Manufacturers' association, which closed Thursday, elected the following officers: President, M. F. Cole, Newnan, Ga.; secretary, J. D. Faresy, Cleveland; treasurer, Joseph Wangler, St Louis. About three hundred delegates were in attendance. Atlanta, Ga., was chosen for the next convention.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

NOTICE OF ELECTION

Under and by virtue of the power and authority vested in me, I, A. M. Cushman, Acting Mayor of the City of Gainesville, Florida, do hereby call a

SPECIAL ELECTION

To be held in said city on the

9th Day of October, A. D. 1906,

for the purpose of submitting to the electors qualified to vote at said election the question whether or not the ordinance to amend Section Ten (10) of the Charter provisions of said city, as proposed by said ordinance, shall be approved by the affirmative vote of a majority of all the electors qualified to vote at said election, or if a majority of all the qualified electors shall not have voted at said election, then, whether or not said ordinance shall be approved by the affirmative vote of a majority of the votes cast upon said proposition.

The polling place for said election shall be in the rear of the Municipal Building on East Main and Masonic streets.

The polls shall open at eight o'clock a. m. and close at sundown of said day.

John W. Tench, D. A. Robertson and F. X. Miller are hereby appointed inspectors, and A. J. DaCosta clerk of said election.

Witness my hand and the seal of said City of Gainesville, Florida, on this 30th day of August, 1906.

A. M. CUSHMAN, Acting Mayor.
Attest: J. M. DELL, City Clerk.

NOTICE FOR PUBLICATION.

Land Office at Gainesville, Fla.,
August 17, 1906.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Matthew J. Driggers of Old Town, County of LaFayette, State of Florida, has this day filed in this office his sworn statement No. 547, for the purchase of the S 1-2 of Sw 1-4 and Ne 1-4 of Sw 1-4 of Sec. 27, Tp. 10 S., R. 12 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver at Gainesville, Florida, on Thursday, the 25th day of October, 1906.

He names as witnesses: E. F. Fisher, Nathaniel Dees, John H. Gainey, G. W. Newmans, all of Old Town, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 25th day of October, 1906.

Springfield, Tenn., June 11th, 1901.

I have been troubled with kidney and bladder troubles for a number of years and severely so, and having noticed the advertisement of Dr. E. W. Hall's Great Discovery, A Texas Wonder, concluded to give it a trial, from which I found great relief, and would recommend it to those similarly afflicted. H. H. KIRK.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

Friends of Chas. Dorman, who has been confined to his room with paralysis for the past few days, will regret to learn that his condition is little improved.

T. J. Cone, the lumber manufacturer of Raleigh, was in the city yesterday. Mr. Cone has just returned from New York, where he has been on a much needed vacation. His family is still there, but expects to sail on the 28th inst. via Clyde Line for home. They have all been greatly benefited by the trip. Mrs. Cone and children are accompanied by Miss Tirzah Witherspoon of this city, sister of Mrs. Cone.

Gainesville Lodge No. 990 held a highly interesting meeting at Masonic Hall Thursday evening, at which two candidates were initiated into the mysteries of the order and trotted over the hot sands of the desert, which upon this occasion were exceedingly warm. The fawns, however, notwithstanding that they were not accustomed to such temperature as existed at that time, took the matter good-naturedly, and by a little extra exercise which showed their rabbit-blood, made the trip safely—and Friday they were the "happiest fellows" in town—because they were Elks, and because the Elks, as the motto implies, are the "Best People on Earth."

MERCHANTS ARE KICKING.

They Want the City to Put the Street Sprinkler in Action Daily.

"I do not understand why the city owns a street sprinkler and does not put it to use," remarked a prominent dry goods merchant who does business on one of the principal thoroughfares, a day or two ago. "You do not know how much we merchants are compelled to lose on account of dust and dirt on our goods," he continued. "We place a sidewalk display, which is customary everywhere. This dry weather, where there is a plenty of dust and plenty of wind, these goods in many instances are absolutely spoiled, and we are the losers. I am not only speaking for myself, but for every merchant in the city who displays his stock on the sidewalk."

This merchant is right in his "kick," The Sun feels sure. The city has purchased an up-to-date sprinkler, the people pay the tax, and the street committee, it seems, should be held responsible for the fact that the machine is not out on these dry and sultry days, when it would afford not only a relief to the warm and dusty pedestrians, but would prevent damage to these stocks as well.

If the city was short of water that would be another question; but since the meter system has been inaugurated here and there is any quantity of this necessity to be had, it is no more than right and proper that the public should be relieved of having their eyes and mouths filled with dust, simply because there seems to be a negligence or an endeavor to save that which is plentiful—water.

Let us have the streets sprinkled every day, and see if this will not relieve the situation.

NO QUORUM PRESENT.

City Council Could Not Hold Session on That Account.

The special meeting of the City Council, which was called for Friday night, was not held, owing to the fact that a quorum was not present.

This meeting was called for the purpose of hearing complaints, if any, of property owners residing along the thoroughfares which have by ordinance been ordered paved on either side with granolithic sidewalks.

There being no quorum, the council adjourned to meet the first Monday night in October, being the regular meeting night.

Improving North Arredondo.

The energetic property owners of North Arredondo street from West Liberty to West Orange, desirous of keeping up with the rest of the city in the matter of improvement, have just completed an elegant granolithic sidewalk on both sides of that thoroughfare, which is a great improvement, and a big convenience and advantage to pedestrians.

When the work which has just been ordered by the Board of Public Works is completed, Gainesville will have more granolithic sidewalks than any city in the State of three times the population. This is not the end, however, as it is proposed to have every principal thoroughfare in the city equipped with this class of sidewalk paving before the task will have been completed.

Alachua Camp No. 5, W. O. W., held an interesting meeting Thursday night, at which two candidates were sent through the dark and dismal swamp to the forest beyond. They reached the forest, after considerable difficulty, and cannot forget their journey, for it will do them good. This order is growing very rapidly under the direction of the present council commander, J. B. Brooks, who takes a great pride in the order and the work.
